Dear Sir:

In response to your letter of February 2nd, I beg to advise that we do not have the volume in our library of which you speak. Numismatically, its value would be very slight because hand-books of value in this science are now chiefly those which have been printed since the incoming of photographic processes. The book might have an antiquarian or imprint value, but of that I am unable to judge.

Thanking you for referring the volume to us, I am

Very truly yours,

Secretary
